“ I've tried to find your mother many times over the years to thank her for believing in me.

She was my teacher at South Westnedge in 1970 and the very first person in my life to see potential in me (as the 7th of 8 children, my potential was not exactly a priority at home). She made me head-safety, and stood behind me on several occasions that I felt alone.

Through the years, as my career developed (I was awarded Dutch Entrepreneur of the Year in 2004) I have always cherished her as one of 2 persons that stimulated me to live my potential. Needless to say, I have fond memories of her, as did my brother Chris who was in her class a year later.

I realize that my post is late, but no less heartfelt.

Hang on to and cherish the undoubtedly good memories of the special person she was for many!

Warm regards,

“ I remember Mrs. Morrison from Parkwood Upjohn. I was in the classroom next to hers and remember her being so beautiful and always smelled so nice...important things when you're a 4th grader! God bless your family

“ So sorry to hear of Connie's passing. We met at Miller Auditorium, where she volunteered as a ticket taker for events. Connie always smiled & was very friendly. She would go out of her way to assist our guests. She will be greatly missed.

“ Mrs. Morrison was my third grade teacher the year that Kennedy was assassinated. It was a frightening event for little children, but she got us through that horrible day with her calm demeanor and comfort in spite of the sorrow she must have felt. She was a wonderful human being and a great teacher, and I am sure that many students like myself still remember her with love. “ Dear Connie helped me through my first year of teaching at Edison. She was teaching fourth grade and looked like a million dollars everyday...in high heels and all. We kept in touch, though infrequently over the years. I never met you Chris, but you were her pride and joy. Connie was artistic, energetic and effervescent. RIP Connie, you will be missed.

“ Mrs. Morrison was a wonderful teacher. She had my children as students at South Westnedge school in Kalamazoo Mi. She was patient and gentle, always understanding and wanting the best for them. To this day my daughter says the Mrs. Morrison was her favorite, most loved educator.
