“ I have just learned of Leo's passing and hope that the family of my mother, Vera Lawless get this message. Since her passing, and that of the parents of Leo, my aunt and uncle, distance and time has taken its course.

Leo and Shirley were so very kind to my mother and us when my father, Newton Hartwig, died when we were kids.

I would have gladly traveled to Grand Ledge, as we did so many times as kids, so many memories.....they fade now as my parents and older brother Fr. Larry have passed. Love to reconnect but the purpose of this note is to honor Leo. I remember him well.

God Bless Shirley.....and all of your families.....Please forward this to Don or any family members that may be of interest.

“ I was lucky to have had the Lawless family for neighbors in my early childhood. They lived right across the road and since their hearts were as big as their family, we were always welcome there. I have many fond memories of playing in that huge barn, in the driveway puddles after a good rain, on the swings, on our bikes. Leo was always a patient, kind, gentle man. My heart goes out to the whole family, especially Shirley, they were definitely a match made in heaven.

Big hugs to all of you. Love, Patty (Cross) Braithwaite

“ Dear Shirley and family of Leo Lawless, I have so many memories of Leo especially from High School when his locker next to mine meant we met frequently en route to our various classes. He has been a dear friend and memory for many years always keeping me up to date with his large family and their activities...especially with the daughter in Alaska who came to Ketchikan after we moved north to Juneau and Anchorage. I have always appreciated his devotion to his family and his ability to acknowledge each and every one of their life-mistakes and their life-adventures...over the years since our 50th high school reunion during which we worked together to produce a book about our classmates, we have tried to stay in touch via e-mail vs our long distance adventures. Always we were reminded of our high school years and how us country kids adjusted to the town kids who were also our many friends. I remember his heartbreak when Bruce passed away and his feeling at that time that he could well be next. Our main discussion though was which of us was the youngest in the class since Elgeva passed. My argument was always that I was now the youngest not he and I see from his birth date in the obit that I was correct. Now it is left to me to pray that my own angels will wrap their wings around him and gently and kindly ascend him to heaven...when I get there I will remind him that it is I his fellow country-girl who really was the youngest of the two of us. Sending my love with those angels as well as my prayers for Shirley and the family.

“ The Clarence and Rosemary Huhn family express our deepest sympathy in your loss of Leo. We as kids will always remember the many times the families visited each other on the farms. Many fun times as well as grieving over other losses.....Leo and Shirley created a legacy that will go on forever with loving memories of a good man.
