“ I was so fortunate to know Randy. We bonded in a special way when I worked in Eagle. We spent many hours sitting outside and talking...about memories good and bad. He spilled his heart out ..cried with me and laughed.He dubbed me his 2nd Mom....but i'm sure I wasn't his only second Mom....he had a way about him....that made you feel honored to be his 2nd Mom. My heart goes out to his family and the void they have in their hearts.

“ Randy and Chris were buds and hung out at my house when they were younger. I will never forget when they took on the project to drywall my garage (their man cave). Randy worked his tail off, he was fast. He did a great job. He would talk about his kids, they were his pride and joy. My prayers and my heart go out to the family. Randy will be missed, but not forgotten.

“ I was fortunate enough to know Randy for many years. It started when I met his brother Derek and we became friends. I always felt Randy was a brother to me as well because when we were young, he would always look after Derek and his friends. Of course that meant if anyone messed with Derek or his friends, they would likely have to answer to Randy. We didn't get messed with much. Randy came to me looking for work, and I introduced him to my boss at Accent Hardwood Floors. He came to work with us and he was hired after the first day. After that, it was him and I everyday for a few years working side by side. We spent our free time after work building things out of leftover wood for our moms, wiring up surround sound in the shop or building a gazebo. Which we both despised. If you couldn't find Randy and he wasn't at the shop, all you had to do was swing by my house. We would be there messing around doing something. He was always there to help me along the way, and always looking out for others. When I was refinishing the inside of my house, he was there everyday I was helping me out without expecting anything in return because that's the type of person he was. I could go on and on, but these few things give you an idea of who he was. He would give you the shirt off his back. He was a loyal friend and family member and he taught me a great deal. I will never forget those days laughing, working and enjoying life together everyday. You will be greatly missed. So may the sun always shine upon your face and the wind always be at your back. Rest in peace friend.

“ My Dear Sweet Nephew - It has been a long time since I last saw you. That doesn't take away the hurt I am feeling, or my love for you. I will always hold you close in my heart and prayers. I know you were an "amazing" man. GOD has bigger plans for you now. You will always be loved and remembered by a lot of people. My thoughts and prayers are with your Mom and the rest of your family.

Love,

“ There is no one on this earth that could even come close to taking your place! My brother, my best friend, my children's father figure, one of the best uncles they could've had. You taught my kids everything they know and they will always cherish that. I believed in you and you believed in me, nothing else mattered. And don't worry about Roscoe...Trey's taking great care of him! He's a part of our family now and the kids are so happy about it! Knowing the kind hearted man you were and that you would always give us your last gives me assurance that your nephews, nieces and I have the most amazing guardian angel watching over and protecting us. I love love love you brother!!!! Thanks for that last hug. I can still feel your arms around me. Fly high! We'll see you on the other side.
