“ *Loved caring for Aggie over the past few years! She enjoyed getting dolled up, painting nails and hair braids, as long as you were gentle with her tender head or she'd let you know it! Lol She loved her family dearly, and would often look through old family photo albums to jog her memory. Will cherish the time spent with this special lady, also with her Daughter Joyce who became like family over the years! You hold a special place in my heart. Love you both always in forever!*
