Thank you so much for making this webcast available for those who could not attend. Such a beautiful service and you are all in my thoughts and prayers. I feel so blessed to have known him and have his art on myself and my daughter. He was drawing something for me for a cover up, I would be honored to know if I could get with someone to see if it's at the shop. RIP Preston. Much love to the family and his kids.

“ Mrs. Bell, Lynne, Pam & family,

I cannot imagine the grief the family is going through. The fun times together with him will keep his memories alive.

I wish we could have known each other a lot better but it was not to be. Even though it was only 39 years here I'm sure you left an impression of positivity with those that were really close to your heart. I have asked myself WHY you many times this week and still the answers are good enough...🤔🤔🤔...

*Much Love,
Uncle Curley, Carolina & family*

This is a real side time today in our family, as we grieve the loss of our loved one. Although we got to spend very little time with you, our hearts were comforted to know that you were fine and that the option was always there to visit us when you could. That option is no longer there and a link has been broken from our chain today. Please know that you meant a lot to us and that we will always love and miss you. We will never, ever forget you cuz. RIP Your 1st cousin, Katrina.
