“ Growing up with Corey I have so many fond memories. One that really sticks out in my head is when we were juniors in highschool. Corey used to walk me to class a lot because we were such good friends, he always looked out for his friends, always a protector. In the Spring when Prom was fastly approaching, Corey asked me if any boys had asked me to prom. Sadly I said "no. He didn't say anything that day, but the next week he approached me and said to me "I can't let one of my best friends miss out on Prom, it is really not my thing to do but I want to bring you because I know you want to go"..That junior year prom was one of the best memories I have of Corey. We had so much fun with all of our friends, he didn't even complain that I made him wear a pink cumberbund and bow tie.. He was a good sport about everything. We lost touch for many years after highschool but we caught back up when I saw him at our 20th high school reunion. He still gave those wonderful big bear hugs and still had that smile that lights up the sky. We dearly miss you my friend, may you rest in peace and know your wife and children are surrounded by so many that loved your friendship.
