“ Donald was a special friend and I have never have forgot him. I was a crippled young boy to at 4 year old I got my left arm twisted in a combine. Don hung around me and never treated me like a crippled like every one else did. I had to go To stay at Shriners Children's in Chicago ILL. off and on for doctors to through 8 years old to my age 16 last year. {For A Note Doctors said they called me Mugs because they did the same surgery a Monkey on named... } Well Don was the first to make sure my arm is in the cast and to welcome be back in school.... Don was the biggest hearted person I know.

Thank You Don. Thank You.....From Michael Sandborn living @ In Ca.
