“ *Hunter. It's almost been two years since I have seen you last. I can not actually believe that you're gone, even after all of this time, little cousin. I remember all of the memories we have shared: the countless hours spent coloring on the floor at Grandma's house and the sleepovers where you would want to sleep with me because your Grandpa John snored really loud. All of the Disney movies that we'd watch over and over and OVER again, even though we both knew how they would end. There are no words to tell you how much I miss you everyday. And now, I try to remember what your laugh sounds like, but it's already fading away. Sometimes I think I can hear it, that I've got it just right. Then it slips away again. I'll love you forever, sweetie. Long after I die, I will remember you.*

“ *Your daughter was so precious. She touched adult lives too. My son was in Kindergarten with her at greenwood. Hunter approached me one day out of the blue with her BIG smile, and bright eyes looking up at me, and and she handed me a princess notepad, and told me she wanted me to have it. I told her thanks but she needed it. Hunter looked back up at me and said no Mrs. Renton I want you to have it because I think you are so pretty. Your daughter truly touched my heart that day. I still remember her little face looking up at me just like it was yesterday. She will be very much missed, and she was a true gift and angel for you. My heart goes out to you and your family at this difficult time.*

She will be forever in our thoughts and prayers it makes me so sad thinking about it , all i can see is her little face knocking on my door throughout summer asking for bobbi to come out and play and them playing in your wading pool behind your house . She was such a sweet and beautiful little girl and I know nothing can be said to ease the pain of your loss but we send our prayers and condolences to you regardless !

I remember the day you guys moved next door to us. Rachel was so excited to have another little girl to play with. I remember if we didnt see the kids in the park all we had to do is look out our dinning room window and there they were in the sand box playing. We will always remember that sweet smile she always had on her face. So sorry you have to go through this. Your family will be in our thoughts and prayers always.

I am so sorry for your loss. The loss of a child is one of the hardest things a family has to deal with. She has her wings, and is watching over you now. My prayers are with you during this difficult time.

“ *My thoughts go out to all the family and friends that are saddened by the loss of such a special young lady. Knowing Hunter her whole life she will surely be missed. I submitted a picture of Hunter and my daughter (Jennifer) as babies I hope that this helps with keeping happy memories alive. If you would like a copy of the picture I would be happy to give you one.*

God called another Angel home. I personally did not know Hunter but have known the family for many years and I just want them to know that I am holding them all in my thoughts and hope that they will find some comfort through this tough time in there lives.

“ *Hunter: Our school family is hurting on this Easter weekend, knowing that you won't return from Spring Break with the rest of us to school on Monday. I will miss your beautiful smile and the conversations that we had from time to time at school. You were always striving to be the best you could be as a student and a person, and you were well on your way to achieving all of your goals. I am so saddened that you are suddenly gone. I will truly miss you and will always remember you as one very special student that I was blessed to know in my career. The Lord has a special angel with Him now; our loss is His gain. ~ Mr. Scott Eckhart, Principal, Wacousta Elementary School*
