“ *I've been a friend of Jason's since preschool or kindergarten. It's been a long time I know that much. We went through middle and graduated Grand Ledge High School Class of 1993 to. Since Graduating we have remained friends on Facebook. Anytime my family and I would make the trip up to Michigan to visit my family we would always make sure to visit or Jason and Jakob would come visit at my mom's.*

The last time I ended up in the hospital he came up and saw me. Jason I miss your goofy jokes and posts. But don't worry my friend your Kenny from south park will always be taken care of by my Kenny. Praying for the family and we love you all.

“ *I met Jason in 2000, if I recall correctly. He mattered to me and to the rest of his team at D.A. During the 3 years we worked together he was the steady hand. First and foremost hilarious, generous and talented. I was pretty much the rookie in my field and everyday when our paths crossed he was one who would be a great conversation to either bounce ideas off of or swap crazy stories and his usually left me LMAO.*

I'm grateful that we reconnected on Facebook. The many times our that our 6° of separation brought our paths together it was because we connected on things that mattered to us, our friends and the world at large.

To his grieving family and dearest friends - please know that your Jason mattered to us all and I'm grateful that you helped grow this man and then shared him with us.

Please accept my sincere condolences.

Rest easy Mr. Strang.

I've been friends with Jason since elementary school. To hear of his passing was so devastating. But he was always here when I needed a laugh. When I needed a friend to talk to I could call him. BBF JASON. Miss you but I'll see you again.
