“ I am so sorry to see this news. Jo Ann had just mentioned Jerry not long ago. I miss that time when Jean and Jerry were neighbors. I actually helped pour the concrete in that all important barn. I could always stop by for a story and a laugh. I hope this finds Jerry in the company of Jean's warm smile. Dale and Joann Edly

“ I was very sorry to hear of Jerry's passing. I have known Jerry almost my entire life since we moved in next door when I was 6 back in 1978. Our families have spent lots of time together over the years including several family vacations. As kids he was always there for us helping us out with whatever wheeled contraption we were working on at the time. I was in awe of his home garage, he had tools I had not even imagined of at that time. Often if we broke something he would make a replacement part on his lathe or mill to get us going again saying "Give that a whirl" Thinking back we probably drove him crazy borrowing tools or asking him to help, but I truly believe he loved doing that for us. The last few years I have been able to help him out by maintaining and repairing his vehicles at my shop, even then he was the kind of guy who always insisted on giving a couple extra bucks to the tech. He would often hang out after his vehicle was done, sharing stories. Some I had heard or even witnessed over the years and some that were new. Most of them had some sort of funny element to them that as he was telling it you could see him getting a charge out of it all over again with his laughter being infectious. My thoughts and prayers are with Craig, Kim and the extended family. Rest peacefully Jerry.

“ *Jerry had a huge influence on me, and my life. I do not think I would be the "car guy" I am today without knowing him. Whenever I am welding, I think of him saying "watch your eyes" before striking an arc.*

*I will miss his infectious smile, and big laugh.*

*You will be missed.*
