“ *I remember when John went to boarding school and Mrs. Manner was the housekeeper. She watched John during the summer months when he was home.
John walked his dog and often checked on us as he went by. He was so helpful even taking our "stuff" to the recycling center with his own.
We will miss John and his visits.*

“ *John was the one who gave me my first and only ride in an electric car. As John was driving, he said to me, to get the real experience of this car, we need to be on expressway and he put it in auto mode. Then John asked me what I thought? I responded, " I would be more comfortable, if your hands were on the steering wheel". However, it was a fun experience. John will be missed - he was a true gentleman.*

Meet John when I was a County Road Deputy. Then when I was a bailiff for Judge Hoffman. Then when I worked security at the courthouse. I missed our conversations about gardening and some birds. When Sheila would come in I would ask her to tell John I said hello.

RIP John....you did a lot of good and were a gentleman.

I worked at Glassen, Rhead, McLean, Campbell & Bergamini as I started out in the legal field. Deming & Maurer were our satellite office in Grand Ledge. John had a distinct voice and was always kind. Later I worked at the Eaton County Courthouse and got to know John better through the years. He and his family were pillars of Eaton County community. John was a man of great character and humility.

John was my first friend. He came into this world a few hours ahead of me and was there to greet me when I arrived. Our mothers were friends and shared a hospital room. We celebrated our first birthdays together and later took the bar exam together. When we ran into to each other, our conversations were the easy kind that comes from being old friends who knew each other's quirks all too well and liked it that way.
