“ I grew up a bike ride away from The Kwilnskey family home. Lisa was always kind and friendly to me when I came to visit Ray. I recall phone conversations with her after leaving Michigan. She was interested in my career and travels. One of the best Wacousta Wombat moms.

“ So sorry to hear about Mrs Kwilinski’s passing, Lisa and Ray moved in across the road from my folks place when I was in 3rd grade, it was great having some boys my own age in the neighborhood, they were like brothers, many baseball, football games were played in their yard or ours, after I started At Oldsmobile I would talk with Ray senior in sheet metal area and nobody could “Drop kick” a football like senior, I remember Lisa being very nice and very quiet , she was one of our neighborhood moms, a great gal. I hope you guys are all doing well and I pray for peace to come to you all.
