“ *We were to so sorry to read about Lou. He was our plumber for many years. We had a house with lots of of plumbing problems so we called on Lou frequently. He became a sort of father figure to us, always giving us advice about anything and everything, not just plumbing. He talked a lot about his family. He was so proud of you. He always seemed to enjoy talking with my husband, a History Professor. He even stopped by a few times just to talk or to bring us raspberries. We have missed seeing him in the past years and have spoken of him with fond memories often. We will not forget him.*
