“ Where does one begin to share so many memories of Aunt Matilda. Her laugh and that smile was so warming, she always shared it with everyone! The years of Silver Lake exploring to uncharted lands with Grandma (her Mother) and all we could fit into the car. The years of memories in Florida with my Mother (Rose) how they shared such happiness there...the rings they got at bingo..the containers of sharks teeth they gathered...such joy and love they shared. The years of attending Greenwood school and going to Aunt Matilda's with Kay for an escape...boy did we think we were cool! Aunt Matilda would watch with love as we crossed the road to return to school, I would look back and there she would be watching! We now have both our Mothers watching us Kay with that same love and pride!

We were all so blessed to have the beautiful family and the blessed memories they started for us...thank you Aunt Matilda we will keep those days alive and share for generations your legacy that you gave us!

Love and Memories,
Your niece
