“ I knew Mike in the early 1980s. We attended Church together in Haslett Michigan. Mike was a great guy and a good friend.

“ A very good and faithful friend, an extremely honest and honorable person. An amazing smile, a beautiful voice. I haven't had the pleasure of his company for far too long. In 2019 I believe I went to see him about leasing a new car. An ambulance was at the dealership and I was told that Mike had fallen and was injured, a friend of his handled my lease promising that Mike would have credit. The best people have the best friends.

“ I worked with Mike for many years at the dealership. I enjoyed a million conversations with Mike on life, philosophy, and spirituality. Such a smart guy. I remember how much fun we had building the carport on the side of his house. I enjoyed problem solving for Mike when he had troubles with his sales. I know he always genuinely appreciated my help cause he would have that smile at the end. Mike once told me he asked God a specific question when he was young and that he has been waiting his whole for the answer. I know he will smile down on me once in awhile and that he is happy. Miss you Mike.

I had the blessing of renting a room from him in his house in Gaylord back in 1978. I stupidly got fired for not calling my boss @ the time at advance electric cause our road was blocked by a Feb blizzard. I learned don't assume anything.

Anyway Mike offered me a job as his carpet laying and floor covering apprentice. Well 25 years @ 50 I retired in AZ from that career path. Mike's positive Christ like kindness, generosity and encouragement was amazing and helped me discover my talent in guitar and song writing psalms hymns and spiritual songs. His other good friend Dr Denholm just notified me of his passing. I'm a lil sad but I know where Mike is and he is proud of how he helped turned my life around. I look forward to our reunion in the new heaven and earth.

To God be the glory I'm sure he would say!

“ *I worked with Mike for many years at the dealership. We had a million conversations at some varying level of philosophy or spirituality. I remember when I helped Mike build his carport attached to his house and how much fun we had with that project. I enjoyed helping Mike with customer related troubles at work. He was always very genuine and appreciative! It was nice to make him smile. Mike was kind and I miss him. I know he will do well as an angel and maybe he'll smile down on me once in a while.*
