“ *Your daughter, sister, Wife, mother and grandmother was a true gem!! One of those people that you don't often encounter in life, but when you are blessed enough to, they touch your life forever!! I saw Myrna just before going out of town and just before her untimely passing. I went into Walgreens today and was completely shocked and saddened to hear of her passing. Very often I made a trip to Wahlgreens just to see her! She was what more of us should be like in our every day life!! My trips to Wahlgreens will never be the same and I will always have an emptiness in not seeing her. Her life on this earth was far too short, but in that short time she impacted many lives with her smile, caring words and genuine interest in you!! She has left a great legacy in all of you. I hope I can always remember her smiling face and the way she treated me as I live my life day to day and pay it forward in her honor. My condolences to all of you.*

She was so much fun and a bright light. He was funny and caring and help me put together flower arrangements if you can believe that at Walgreens and help me with my photos and was always cheerful and therefore made others cheerful

“ *As a regular customer of Walgreen's, I had the privilege of coming to know Myrna as a warm, friendly person who always went above and beyond in her care for people. I was deeply saddened to learn of her death and will miss her deeply.*

That she could make such an impact in my life, truly knowing her as little as I did, to me, speaks volumes as to the very person I knew her to be.

May God bless her and all of you...

“ *I will miss Myrna dearly. It was an honor to work with her. It was truly special to see her connect so authentically with our customers each and every time, and no doubt brightened the day for all of them, and her coworkers were no exception. And she loved all of it. I'm so very fortunate to have been part of her life. I've worked at many Walgreens over the last 14 years, and each of them had a work mom. On Sunday, we will say goodbye to ours. My thoughts are with her family at this time.*
