“ *Paul and I co-taught classes together at Grand Ledge High School during the 2000-2001 school year. He did a wonderful job of meeting the needs of special needs students in the class. He was kind, caring, and skilled and displayed passion for his profession. He was a Christian gentleman and I looked forward to working with him every day. I will treasure those memories and be forever thankful for the privilege of meeting and working with Paul.*

“ Paul exemplified the Apostle Paul as he taught and encouraged no matter the circumstances or place where God placed him at any time. We will be continually challenged by Paul's example to never complain, always give thanks, and always serve the Savior - no matter what. Our lives are enriched because of Paul's friendship and we are forever grateful for the blessing that God that has given us through our brother Paul.

Paul made a tremendous impact in his service as a high school teacher. It is because of his hard work, persistence and enthusiasm that so many students on the autism spectrum were able to experience such rich peer interactions and social life through the Links, peer-to-peer support program. His caring and dedication was always obvious, and contagious among all who participated in the program. I can't begin to express how grateful I am to have had such a colleague to partner with in this effort! He will be missed.
