“ Ray was my grandpa, and even two weeks later, it is very hard to wrap my mind around the fact that he is gone. I know that he is healed now, but I will forever miss him. I was fortunate enough to be able to visit him more frequently these past few months as he and my grandma were closer to my college than my parents' house. I hope he knows how much I treasured his little speeches at every family gathering about how much his family meant to him. He meant just as much to me. I am holding you close to my heart grandpa. Please watch over grandma.
Love you forever,
your granddaughter, Elizabeth

“ We will miss Ray tremendously. We got to know him more in the last 10 years when we started family reunions back up. He was the go getter in getting information of the family and we so enjoyed our little get togethers at Cornwell’s Turkeyville
Best memory is when him and Marlene joined in the Soo Locks for Engineers weekend.

“ I never met Mr Crenshaw himself, only his daughter Marianne, who is one of the finest people I know. As a parent of six children, I know that children are a product of their parents. So guess I knew a part of him...and cherish every day of friendship with paper of the Luginbuhl legacy he leaves. Rest in Peace with our Father, dear Soul. We will see you soon.
