“ Our Ronnie would be 38 Earth years this week and this week we mourn the mortal our loss but celebrate God's Heavenly angel. Ronnie, you are remembered as a man of honor, loyalty, hard work, devotion, compassion, understanding, and insight. Where in life you were misunderstood and mistreated for your differences, you showed deep compassion and understanding to those with differences who were unloved and mistreated. There was never a more devoted and loving father to your daughter than you. You loved and cared for all God's creatures big and small. We remember and love you more as the years tick by not less. As long as I have human years, I will honor your transition to HEAVEN from this Earth that is full of suffering and misunderstanding. Until next time my dear one, Aunt Helen

I posted this twice because I didn't think the first post got through but in reality, this final message from Ron can never be shared too many times. Jesus and his angels wept when God the Father called our Hero home too soon. The world is truly a much less beautiful place without you Ronnie. Aunt Helen

This was the last communication Ron's family had from him. He was a Covid hero. This is an unspeakable loss. A sweet and generous life taken too soon. The hole in the heart will never heal. He is looking down on us from Heaven and looking after all of us with the same compassion and dedication he showed to his patients and daughter on Earth. God moves in mysterious ways. We love you Ronnie.

TH

This guy has always been one of the upmost loyal friends who one could have ever asked for. 30 plus yrs of being in contact under no circumstances or anyone who tried to keep us from being around and there for one another. Someone who was always a phone call away whether we were upset with eachother or not. If I ever needed a friend to talk to or even a ear even a brotherly hug he was always there. There's not a day that goes by that I wish I could tell you so many things and just wanted to get ahold of you to talk whether it was the past, advice, etc. But knowing I can't do that anymore kills me. I just hope you're watching from above and beyond proud of what I have been overcoming. From being dumb and messed up all the time to being a140 days of being done with stupid ignorant and harmful things to myself and trying to get back on track with life. You were a brother to me with no doubt always will be in my heart. Love and miss you bro. Your bro Halloran.
