“ As a state employee (technician) I worked with Tom for many years. The Dept. of Environmental Quality, Groundwater Permits was full of interesting and unique personalities and Tom was always a memorable engineer to know and work with. On the sad day of September 11, 2001, Tom was a passenger in my car as I drove from the office to Grand Ledge. (My kids were in grade school.) Tom was full of insight and comfort on that day. After retirement and years later, Tom thoughtfully came to my mother's funeral. The circle of life continues, I will never forget Tom's kindness, intelligence and sweet sense of humor.

“ Your Dad and I shared the same name, he worked for DEQ I worked for DNR, so we often got each others emails by mistake. We had a lot of fun reading and commenting on each others emails, I'll miss him.
